

TT-TYPE MULTI-ROLE SEARCH

MULTI-ROLE SEARCH

- PROTECT OFFICERS
- CATCH CRIMINALS
- PREVENT CRIME

THE TT TYPE IS A FULL-SPEC THERMAL IMAGING CAMERA, SPECIFICALLY DESIGNED FOR OFFICER PATROL

Avon Protection are focused on designing and manufacturing the highest quality thermal imaging cameras on the market.

Avon Protection thermal imaging technology is a cost-effective addition to your law enforcement team, enabling officers to detect hidden dangers, evidence and absconding criminals.

SYSTEM FEATURES Integrated torchlight x2 and x4 digital zoom The torch can be turned on/off independently of the thermal image ■ Simple button functionality ■ ScreenSave[™] Capture up to 1000 images and 8 hours of video on a removable memory card ■ Long 5 hour battery life

- 3.5 inch LCD screen for unrivalled image quality
- Lightweight
- Fast 5 second start-up time

Avon Protection Handheld Thermal Imaging Cameras (TICS) are essential in the fight against crime, especially at night or in zero visibility conditions. The TT Type will expose criminals that are camouflaged or hiding in shadows or bushes, otherwise invisible to the naked eye.

- Training and assessing
- Forensic evidence
- Detect hidden compartments
- Mobile vehicle surveillance
- Recently used vehicle analysis
- Detecting residential cannabis factories

Searching the crime scene

KEY FEATURES

Unparalleled image quality

The 320 × 240 sensor option provides the highest detail for demanding requirements, enhanced with proprietary signal processing algorithms, providing an excellent image for detailed operations.

Video output

A standard video out connector gives the ability to stream video directly from the camera.

USB connectivity

All images and video are stored on a removable microSD card. The removable microSD ensures that the camera does not need to be taken out of action whilst evidence is retrieved.

Image and video replay

Images and videos can be played back on the camera using the on-screen menu.

Customisable start-up screen

Organisation names and logos can be displayed at power-up for asset tracking and/or personalisation.

On-screen set-up menu

The TT Type on-screen menu allows the user or organisation to adjust various camera settings using the menu buttons.

Inside the box

The TT Type can be customised to suit the needs of your team, including upgrades and accessories to ensure you get the most from your thermal imaging camera.

Cannabis farm detected in the loft of a residential house

Occupancy evaluation

Fugitive hiding in light foliage
