

UNIVERSAL MASK CARRIER

DESIGNED TO ACCOMMODATE ANY AVON MASK
C50 / FM53 / FM50 / FM12

Black

Cammo

Olive

SPECIFICATION

- A three position press stud closure enables the carrier cover to be adjusted according to the mask size.
- The mask will also fit into the carrier whilst mounted on its face form for periods of long storage.
- A filter pouch is located inside the carrier for a spare packed filter.
- A webbing belt loop comes as standard.

OPTIONS

- Available in black, olive, cammo and US desert digi cam.
- A strap is available allowing the carrier to be shoulder or waist mounted.

MATERIAL

- The carrier is manufactured from polyester with a polyurethane lining for water resistance.
