

UNIVERSAL MASK CARRIER

Designed to accommodate any Avon Protection mask:
FM12 / C50 / FM50 / FM53 / FM54

BLACK

CAMMO

OLIVE

SPECIFICATION

- A three position press stud closure enables the carrier cover to be adjusted according to the mask size.
- The mask will also fit into the carrier whilst mounted on its face form for periods of long storage.
- A filter pouch is located inside the carrier for a spare packed filter.
- A webbing belt loop comes as standard.
- Machine washable at 40°C (104°F).

OPTIONS

- Available in black, olive, cammo, US Desert DIGI CAM and UK Multi-Terrain Pattern.
- A strap is available allowing the carrier to be shoulder or waist mounted.

MATERIAL

- The carrier is manufactured from polyester with a polyurethane lining for water resistance.
